DESIGN OF SATELLITE CONCOURSE AT DESTIN—FORT WALTON BEACH AIRPORT (VPS)

Pursuant to section 287.055, Florida Statutes, and County policy, the Okaloosa County Board of County Commissioners (BCC) requests qualifications from professional engineering firms to provide professional engineering services for a public infrastructure project with the following scope: design of a stand-alone facility to be used as an airport concourse; bid services; grant services; and construction phase services to include contract administration and construction inspection. The facility will include several aspects of a typical terminal including security checkpoints, restrooms, security system features such as cameras and access controls, and associated features. Environmental actions such as an Environmental Analysis (EA) and stormwater have already been accounted for and will not be part of the scope. All standard utility infrastructure will need to be designed specifically for the facility but major water and sewer line tie-ins will already have been coordinated with Eglin AFB and County Growth Management as part of an adjacent project. Other major utilities such as power will need to be coordinated with local utility companies as part of the design. Services of the consultant shall be under the general direction of the County Department Director initiating the work or his/her designee, who shall act as the County's representative during the performance of the scope of services.

Agencies desiring consideration should provide an original and one (1) thumb drive of their Request for Qualifications (RFQ) with the agency's areas of expertise identified. Hard copy submissions should be portrait orientation, unbound, and 8 1/2" x 11" where practical. Guidelines detailing form and content requirements for the statement of qualifications are available by contacting Okaloosa County Purchasing Department, 5479A Old Bethel Road, Crestview, FL 32536, 850-689-5960, or download them from our website at <http://www.myokaloosa.com/purchasing/home>

**GUIDELINES FOR REQUEST FOR QUALIFICATIONS (RFQ):
DESIGN OF SATELLITE CONCOURSE AT DESTIN—FORT WALTON BEACH AIRPORT (VPS)**

The purpose of this Request for Qualifications is to provide interested consultants with guidelines and information to enhance their RFQ submission.

It is the intent of Okaloosa County, on behalf of its Airports Department, to contract with one professional engineering firm for engineering services including but not limited to: design of a stand-alone facility to be used as an airport concourse; bid services; grant services; and construction phase services to include contract administration and construction inspection. The facility will include several aspects of a typical terminal including security checkpoints, restrooms, security system features such as cameras and access controls, and associated features. Environmental actions such as an Environmental Analysis (EA) and stormwater have already been accounted for and will not be part of the scope. All standard utility infrastructure will need to be designed specifically for the facility but major water and sewer line tie-ins will already have been coordinated with Eglin AFB and County Growth Management as part of an adjacent project. Services of the consultant shall be under the general direction of the County Airports Department Director or his/her designee, namely the Airports Projects Manager, who shall act as the County's representative during the performance of the scope of services.

Negotiations will conform to the Florida Consultants Competitive Negotiation Act (CCNA) Chapter 287.057, Florida Statutes and abide by FAA criteria and County policies. Once a consultant is selected, the scope and project fees will be negotiated and a contract signed.

The contract may have multiple phases of services to be provided (i.e. design, bid, and construction) and will include a time constraint for the first phase, while additional phases will either follow County timelines and processes or be performed in conjunction with the construction contract.

The content of the RFQ of the successful firm will become a basis for contractual negotiations. If an agreement cannot be reached on the scope and fee the Airports Department asks that the Procurement Committee select an alternate firm or allow the Department along with Purchasing to engage the company with the second highest scoring proposal in order to come to a satisfactory price for requested services.

The selected consultant shall be required to assume responsibility for all services offered in their RFQ. The selected consultant will be the sole point of contact concerning contractual matters including payments of any charges resulting from the contract.

Payment schedule and basis for payment will be negotiated, but will be based upon documented work completed.

Proposals to be submitted in the format described below:

1. **Letter of Interest** – Provide a letter with a brief company synopsis and ability to assign resources to meet the County's needs related to the concourse design. The project is a high priority for the airport and will require a competent team that can meet aggressive schedules. The letter should clearly list the available resources to meet design requirements within six (6) months.
2. **Registration** – List of the State of Florida licensing/registration qualifications of the consultant's personnel that may potentially assist in the design.

3. **Specific Accomplishments** – Provide a listing of the most relevant completed projects within the last five (5) years with a description of the work performed by the consultant representative of the type of work proposed under this Request for Qualifications. The list should focus on new terminal, concourse, or similar facilities (additions and alterations acceptable) and include only projects that had significant input from individuals who will be assigned to work on this project. Specifically comment on performance of these accomplishments relative to schedule and budget of project designs and/or subsequent construction.
4. **Area of Expertise** – Provide a list of your company’s area of expertise. Include a listing of projects representative of this expertise if in addition to item 3 above and relevant to an aspect of the project. Firms are not required to have expertise in all areas of the project scope to be considered but note that services may be required and if the company does not have in-house staff to accomplish all design through construction phase services, they should clearly identify the sub-consultants that will partner on the project.
5. **Project Management Organization** – Describe the organizational structure that will be used to manage the project. The consultant must identify key personnel to be assigned to projects, and provide a resume of their qualifications, education and experience. Highlight project manager strengths and responsiveness goals, as well as the lead office for the primary County POC. Any subcontractors that intend to be used to perform portions of or specific types of work should also be clearly identified in an organizational chart.
6. **References** – List three (3) references representative of past experience in the State of Florida similar to the services described herein, to include, at a minimum, a contact person, company name, phone number, and a brief description of the project or services rendered.

Evaluation / Selection of Submittals – The submittals will be reviewed by the County’s Standing Selection Committee. Proposals should be responsive to the items identified in this RFQ and contain no more than 10 pages not including standard forms, cover or table of contents. Resumes of key personnel will also be an exception to the page limit. The Okaloosa County Purchasing Procurement Committee will select those firms deemed to be most responsive and hear presentations by those firms, if necessary.

The Committee will evaluate all submittals received and:

1. Prepare an alphabetical listing of those proposers determined to be interested and available. Evaluate the submittals meeting minimum submission criteria based upon qualifications and conduct discussions with those firms deemed to be the most highly qualified to provide the services required. Ranking of the best qualified firms will be based on the following considerations:
 - a. Responsiveness of the submittals clearly stating an understanding of the work to be performed for the County.
 - b. Firm’s reputation and competence, including technical education and training, experience in the scope of work for the project outlined in the RFQ, the extent of repeat business of the firm, and reference feedback. Demonstrated expertise and experience in utilizing various design and modeling software should be noted.
 - c. Current workload and firm’s capacity to perform work in the next six (6) months. Show past record of providing tasks and designs on or ahead of schedule.

- d. Past record of professional accomplishments related to the scope of work for new vertical construction, specifically the unique requirements of an airport facility.
 - e. Qualifications and responsibilities of personnel to be assigned to the project including availability of adequate personnel, equipment, and facilities.
 - f. Extent of experience with regulatory agencies or County departments to obtain permits and approvals. This should include familiarity with grant programs and processes.
2. Review of all submittals received will proceed as follows:
 - a. The Standing Okaloosa County Procurement Selection Committee will review all written documents submitted.
 - b. The committee's ranking of prospective firms shall be based on the specific criteria listed above and found in the ranking sheet, as well as the overall adherence to the Request for Qualifications.
 - c. The committee may request oral presentations from the consultants after establishing the recommended priority or short list.
 3. Presentation of the rankings, selections, agreements and proposed contracts will be made to the Okaloosa County Board of County Commissioners in accordance with the Purchasing Department's policy related to the acquisition of services.
 4. At such time when an approval is granted by the Okaloosa County Board of Commissioners notification will be provided to each firm in accordance with the County's Purchasing Department policy.
 5. Direct one-on-one contact with the Committee members, County Commissioners or the County Administrator is prohibited (exception: if the contact pertains to a specific existing Contract/Task Order) when the qualifications are submitted to the County. Any questions during this period should be directed to the Purchasing Manager or their appointed representative.

21. PROTECTION OF RESIDENT WORKERS – The Okaloosa County Board of County Commissioners actively supports the Immigration and Nationality Act (INA) which includes provisions addressing employment eligibility, employment verifications, and nondiscrimination. Under the INA, employers may hire only persons who may legally work in the United States (i.e., citizens and nationals of the U.S.) and aliens authorized to work in the U.S. The employer must verify the identity and employment eligibility of anyone to be hired, which includes completing the Employment Eligibility Verifications. The respondent shall establish appropriate procedures and controls so no services or products under the Contract Documents will be performed or manufactured by any worker who is not legally eligible to perform such services or employment. Okaloosa County reserves the right to request documentation showing compliance with the requirements.

Respondents doing construction business with Okaloosa County are required to use the Federal Government Department of Homeland Security’s website and use the E-Verify Employment Eligibility Verifications System to confirm eligibility of all employees to work in the United States.

22. SUSPENSION OR TERMINATION FOR CONVENIENCE - The County may, at any time, without cause, order Respondent in writing to suspend, delay or interrupt the work in whole or in part for such period of time as the County may determine, or to terminate all or a portion of the Contract for the County’s convenience. Upon such termination, the Contract Price earned to the date of termination shall be paid to Respondent, but Respondent waives any claim for damages, including loss of profits arising out of or related to the early termination. Those Contract provisions which by their nature survive final acceptance shall remain in full force and effect. If the County orders a suspension, the Contract price and Contract time may be adjusted for increases in the cost and time caused by suspension, delay or interruption. No adjustment shall be made to the extent that performance is, was or would have been so suspended, delayed or interrupted by reason for which Respondent is responsible; or that an equitable adjustment is made or denied under another provision of this Contract.

23. FAILURE OF PERFORMANCE/DELIVERY - In case of default by the respondent, the County after due notice (oral or written) may procure the necessary supplies or services from other sources and hold the respondent responsible for difference in cost incurred. Continuous instances of default shall result in cancellation of the contract and removal of the respondent from the vendor list for duration of one (1) year, at the option of County.

24. AUDIT - If requested, respondent shall permit the County or an authorized, independent audit agency to inspect all data and records of respondent relating to its performance and its subcontracts under this contract from the date of the contract through three (3) years after the expiration of contract.

25. EQUAL EMPLOYMENT OPPORTUNITY; NON DISCRIMINATION – Respondent will not discriminate against any employee or an applicant for employment because of race, color, religion, gender, sexual orientation, national origin, age, familial status or handicap.

26. NON-COLLUSION – Respondent certifies that it has entered into no agreement to commit a fraudulent, deceitful, unlawful or wrongful act, or any act which may result in an unfair advantage over other respondents. See Florida Statute 838.22.

27. UNAUTHORIZED ALIENS/PATRIOT'S ACT – The knowing employment by respondent or its subcontractors of any alien not authorized to work by the immigration laws is prohibited and shall be a default of the contract. In the event that the respondent is notified or becomes aware of such default, the respondent shall take steps as are necessary to terminate said employment with 24 hours of notification or actual knowledge that an alien is being employed. Respondent's failure to take such steps as are necessary to terminate the employment of any said alien within 24 hours of notification or actual knowledge that an alien is being employed shall be grounds for immediate termination of the contract. Respondent shall take all commercially reasonable precautions to ensure that it and its subcontractors do not employ persons who are not authorized to work by the immigration laws.
