To Whom It May Concern:

RE: Six Laning SR 85 or Alternative Projects Resulting in Similar Capacity Increases

As Councilmember, TPO member and EDC member representing the City of Crestview, I hereby submit this letter in support of application for a TIGER Grant for the Six Laning of SR 85 or Alternative Projects Resulting in Similar Capacity Increases, if the project is selected. I have personally worked on this specific Highway 85 road deficiency for many years and fully support the efforts of acquiring the Grant for the Six Laning of Highway 85 from College Boulevard to Highway 90 in Crestview.

Sincerely,

Linda P. Parker  
Councilmember

RE: Six Laning SR 85 or Alternative Projects Resulting in Similar Capacity Increases

To Whom It May Concern:

The City of Crestview supports and will provide assistance for application for a TIGER Grant for the six laning of SR 85 or alternative projects resulting in similar capacity increases, if the project is selected. This project has national and regional significance in that it supports national defense by aiding in the mission readiness of Eglin Air Force Base, Duke Field and the new 7<sup>th</sup> Special Forces Group (BRAC implementation project).

The project will continue to provide for the economic growth of our region including Walton County, an economically disadvantaged county. The health, safety, and welfare of the region will also be improved by the provision of an improved evacuation route.

Your positive review of the grant application is greatly appreciated.

Sincerely,

David Cadle  
Mayor
