LAND DEVELOPMENT CODE

Chapter 1 General Provisions

1.00.00 TITLE: This document shall be entitled the “Okaloosa County Land Development Code” and may be hereinafter referred to as the “Development Code” or this “Code.”

1.01.00 AUTHORITY: This Code is authorized and enacted pursuant to the general powers and duties granted to Boards of County Commissioners pursuant to Chapter 125, Florida Statutes and specific authority found at Section 163.3202, Florida Statutes.

1.02.00 PURPOSE AND INTENT: This Code has been prepared in accordance with and is intended to implement the goals, objectives, and policies of the Okaloosa County Comprehensive Plan by classifying and regulating the use and development of lands and waters in unincorporated Okaloosa County. This Code is intended to promote the public health, safety, comfort, convenience, prosperity, and general welfare of residents, landowners, and business enterprise within the County; and to protect and preserve the natural, cultural, historic, and aesthetic resources therein. The broad and general purposes of this Code are to:

Implement and promote consistency between the Comprehensive Plan and this Code;

Specify and describe responsibilities and procedures for the administration of this Code;

Provide essential requirements of law for standards and criteria relating to zoning, development orders and permits, and development regulations in order to provide clarity and certainty in the land development and growth management process;

Safeguard the public health, safety and general welfare by controlling the design, location, use, or occupancy of land, water, buildings and structures through the regulated and orderly use and development of land within the unincorporated County;

Promote the effective and efficient use of public financial resources by ensuring that land use, zoning, and development permitting is conditioned upon the adequate availability of public facilities and services; and,

Promote and fulfill the intent and requirements of Sections 163.3201 and 163.3202, Florida Statutes.

In fulfilling these purposes, this Code is intended to benefit the public as a whole and not any specific person or class of persons.

1.03.00 SCOPE: The provisions of this Code shall apply to the land use, development, construction, addition, alteration, moving, repair, and occupation of any building, structure, parcel of land or sign unless otherwise expressly excepted or exempted herein. All public or private development shall be permitted in accordance with this Code unless otherwise superceded by state or federal law.

Where, in any specific case, different sections of this Code specify different requirements, the more restrictive shall govern. Where there is a conflict between a general requirement and a specific requirement, the more specific requirement shall be applicable. In the event of a conflict or inconsistency between the provisions of this Code and the Comprehensive Plan the Comprehensive Plan shall control to the extent of the conflict or inconsistency.

1.04.00 AREA OF JURISDICTION: The requirements and provisions of this Code shall apply within the unincorporated area of Okaloosa County, or as otherwise provided in Section 163.3171, Florida Statutes

LAND DEVELOPMENT CODE

Chapter 1 General Provisions

1.05.00 GENERAL EXEMPTIONS: The following conditions and situations shall be exempt from the provisions of this Code only to the extent described herein.

1. Family Homestead. The density requirements of this Code shall not apply to the conveyance of an individual parcel of property to be used solely as a family homestead by a child, step-child, adopted child, grandchild, sibling, adoption parent, step-parent, grand-parent, or parent of the owner of the property being conveyed. All other applicable Code requirements must be met for property conveyed in this manner. This exemption shall apply only to lots or parcels greater than one (1) acre in size when no more than four lots or parcels, including the "parent parcel", will be created from a "parent parcel."
2. Development of Regional Impact (DRI). Nothing in this Code shall modify or limit the rights of any person to complete any development that had been authorized as a DRI pursuant to Chapter 380, Florida Statutes who has been issued a final development order where development has commenced and continued in good faith consistent with the authorized development order.
3. Farm Operations. Farm operations shall be exempt from the provisions of this Code to the extent specified in s. 823.14, Florida Statutes (Right to Farm Act) and s. 163.3162, Florida Statutes (Agricultural Lands and Practices Act).
4. Parcels of Record. Parcels of record recorded prior to July 10, 1990 shall be vested for the development of one dwelling unit regardless of the density or intensity of use assigned to that parcel by this Code. A "parcel of record" is a piece of property duly recorded by plat or deed in the Official Records of the Clerk of Court, and may include metes and bounds legal descriptions when such descriptions apply to individual, discreet parcels of land. All dimensional requirements specified for the zoning district involved must be met to the extent practicable, except that waterfront lots platted prior to 1990 shall have a rear setback of 25 feet.

1.06.00 DEFINITIONS: Unless otherwise expressly stated in a chapter or section the definitions set forth in Appendix A shall be used for the administration and enforcement of this Code. Where any word, term or phrase is not defined in Appendix A such word, term, or phrase shall have the ordinarily accepted meaning as the context implies; or definitions may be relied upon from the Florida Statutes, Florida Administrative Code, Black's Law Dictionary, or from other professionally accepted sources. The application of any particular definition to any particular case or situation shall be at the sole discretion of the County.

1.07.00: RELATIONSHIP TO COMPREHENSIVE PLAN: It is the intent of the Board of County Commissioners that this Code implements and be consistent with the Okaloosa County Comprehensive Plan, Ordinance 90-1, as amended (the "Plan"). This Code is intended to implement the Plan by putting into practical effect the planning concepts and goals, objectives, and policies that have regulatory effect as set forth therein. The provisions and requirements of this Code shall be consistent with the Plan when such provisions are compatible with and further the goals, objectives, and policies set forth in the Plan. The term "compatible with" means the provisions of this Code are not in conflict with the Plan. The term "further" means to take action in the direction of realizing and achieving the goals, objectives, and policies of the Plan.

In the event of a conflict or inconsistency between this Code and the Comprehensive Plan the provisions of the Plan shall govern. Any action to challenge the consistency of this Code with the Plan shall be governed by Section 163.3213, Florida Statutes. Any action to challenge or enforce

In those situations where a newspaper advertisement, certified letter, sign or other required public notice contains an unintentional mistake which does not affect due notice of a pending proceeding to the extent that a potentially affected party is not made aware of an action being considered or the date, time and place at which an action will be taken, then said mistake may be considered harmless error which shall not necessitate a rescheduling of the proceeding at hand or the re-advertisement of the required public notice. In any given situation where a dispute may arise as to whether a particular error is harmless error the presiding body for the proceeding at hand shall decide by majority vote.

1.11.10 Public Notice Costs: All costs associated with the public notice requirements prescribed in this Section shall be at the expense of the applicant including purchase and posting of signs, mailing return-receipt letters and legal advertisements in the newspaper. To ensure that statutory

Failure to reimburse the Department for legal ad costs shall be grounds for withholding the requested action from the next available public hearing agenda.

1.12.00 CONFLICTING PROVISIONS: In the event a conflict or contradiction arises or is discovered between any revised chapters, sections, paragraphs, subparagraphs, or words of this Code and previously adopted portions of this Code the most recently adopted revised version shall govern and prevail.
