

Policy Title: **Early Power/Inspection Fees**

(Supersedes Policy 2008-003)

Policy Number: **2010-002**

Effective Date: April 1, 2010

Approved By: Paul G. Oderno 
Building Official

Approved Date: 3/12/2010

Overview:

Description: This policy letter implements how the Department of Growth Management Inspection Staff collects fees for early power inspections and re-inspection fees.

Purpose/Rationale: Staff recognizes contractors **are not** getting final inspections or Certificates of Occupancy and these fees never get paid.

Application: This policy applies to **ALL** early power and inspections and re-inspections that are due.

General:

Effective **April 1, 2010**, when an Early Power inspection is requested, staff needs to collect the fee for early power and the early power form.

In addition to this, any re-inspection fees due on the job at that time must be paid before staff inspects for early power.
