Delta Connection/Freedom Air Offers Non-stop Flights from Ft. Walton Beach to Orlando

Delta Connection/Freedom Air is now providing nonstop jet service between Okaloosa Regional Airport and Orlando International Airports. The approximate one-hour flight departs daily from Okaloosa Regional Airport at 7:45 a.m., in a 50-seat Regional Jet.

Another Regional Jet, operated by Delta Connection/ComAir, will begin non-stop air service to Cincinnati International Airport in June. Beginning June 9, 2007, the flight will depart weekly from the Okaloosa Regional Airport on Saturdays at 12:50 p.m. The airline hopes to increase the frequency of departure days as the demand dictates.

“Delta is a valued partner at Okaloosa County Regional Airport, and non-stop jet service to and from Orlando and Cincinnati will be a lot more convenient and attractive for our customers,” says Okaloosa County Commission Chairman Don Amunds. The Okaloosa Regional Airport continues to grow and prosper to meet the needs of the community and demands of the future.

Future plans include a new, consolidated rental car facility, as well as a new Air Traffic Control Tower at Destin Airport, complementing the newly-completed air terminal there. For more information on Okaloosa Regional Airport, Destin Airport or Bob Sikes Airport, contact 850-651-7160 or visit www.co.okaloosa.fl.us/airport.
