

Commissioner Don Amunds and County Administrator Jim Curry to Appear on “Focus on Okaloosa” Thursday

This month’s “Focus on Okaloosa,” airing Thursday, January 25, will highlight upcoming workshops concerning stormwater, impact fees, transportation, capital improvements and the budget. Commissioner Don Amunds and County Administrator Jim Curry will be interviewed live at 5:30 p.m., on Cox Communications, Channel 6.

The upcoming workshops are scheduled at various times and locations in order to encourage attendance and participation, as well as for the convenience of citizens. “We have many challenges this year, and we want to provide information, seek input from residents and develop solutions,” stated 2007 Chairman Don Amunds.

The budget process will involve additional workshops and be very informative, and we will review \$40 million in unfunded stormwater projects, a 5-year transportation plan, impact fees and capital projects. Join us for “Focus on Okaloosa,” to begin the process.
