WAVE Express Stops in Niceville Beginning May 29

The WAVE Express has added Niceville Library to its scheduled stops, with convenient stops at five locations with connections to the WAVE Bus. Among those stops is the Crestview City Hall in the north, and Uptown Station in the south.

“This is great news for the Okaloosa Public Library Cooperative (OCPLC), and just in time for summer when families want to visit the library,” stated Bob Gorin, OCPLC. The library is conveniently located on at 206 North Partin Drive, adjacent to the City of Niceville Community Center and Children’s Park.

The WAVE Express will also stop at the Okaloosa Walton College in Niceville. “We have quiet a few students who ride the WAVE,” stated Lani Birchett, transit coordinator.

For further information, fares and maps on the new WAVE Express bus services, visit Okaloosa County Transit online at www.rideoct.org or call 833-9168 in Fort Walton Beach and 689-7809 in Crestview.
