Okaloosa County Sustainability Discussed on “Focus” TV Show

This month’s “Focus on Okaloosa,” airing Thursday, September 25, will feature Recycling Coordinator Jim Reece, to talk about how employees are conserving and preserving in departments throughout Okaloosa County. “Focus on Okaloosa” airs at 5:30 p.m. on Cox Communications, Channel 6.

Reece will discuss recycling, as well as the Okaloosa County Sustainability committee with members throughout various departments that are looking at how to increase efficiency and decrease costs. One such effort involves competing with other counties on a drive smarter challenge and change the world initiative, in which residents are encouraged to participate.
