

**Power Up 2010 Conference Open to the Public Saturday – Energy Efficiency
at Home & Work**

FREE exhibition on Saturday, March 13 from 10 am – 3 pm at the Emerald Coast Conference Center on Highway 98. This is part of the **Power Up 2010 Conference** being held there this week and offers you an opportunity to view **technologies that can improve energy efficiency at home and work**. There are three hybrid vehicles on display as well as two high school science projects that we recognized for their work in the areas of renewable energy and composting.
