Sea Turtle Eggs May Be Relocated in Okaloosa on Friday

According to the State Emergency Management conference call, US Fish & Wildlife, NOAA Marine Fisheries and the FL Fish & Wildlife Commission (FWC) plans to move **sea turtle eggs** on Friday, July 23, 2010, in our area. The eggs are being moved from NWF beaches to Central East Coasts of FL, according to U.S. Fish and Wildlife. **visit:** www.fws.gov/northflorida **or follow this link:** http://www.myfwc.com/NEWSROOM/10/statewide/News_10_X_OilSpill30.htm.
