OKALOOSA COUNTY CONTRACTOR HANDBOOK SHIP HOUSING REHABILITATION PROGRAMS

1. INTRODUCTION

Okaloosa County is a recipient of State Housing Initiatives Partnership (SHIP) funds. As a recipient of SHIP funds the County has developed a Local Housing Assistance Plan that may be viewed at: [https://www.floridahousing.org/programs/special-programs/local-housing-assistance-plan-\(lhap\)/current-local-government-lhaps](https://www.floridahousing.org/programs/special-programs/local-housing-assistance-plan-(lhap)/current-local-government-lhaps) as well as on the County Website www.MyOkaloosa.com. This plan outlines the programs and activities that will be undertaken by the County with SHIP funds. Through an interlocal agreement, the County also serves as the SHIP administrator for the City of Ft Walton Beach.

One of the activities that will be carried out with SHIP funds is rehabilitation of single family homes, townhomes, condominiums, and multi-family properties. Assistance is provided to very low-, low-, and moderate-income property owners or owners of rental property throughout the County limits. The Okaloosa County Department of Growth Management (“Department”) maintains an active list of licensed and insured Contractors to assist in accomplishing the activities funded under these programs. The contractors are competitively selected through the County’s procurement process. Once a Contractor is qualified, they will be placed on the Active Contractor List, notified of new projects, and given the opportunity to bid on these projects.

Contractors that have been debarred or suspended from working on federally funded programs, or are the subject of unresolved complaints filed with the Florida Department of Business and Professional Regulation or with the County’s Code Enforcement Division, are not eligible to participate. Contractors are required to comply with all applicable County, State and Federal laws as they may apply to the project.

The narratives on the following pages outline the process for the Rehabilitation Programs. There may be other programs that are funded during the year, and eligible Contractors will be notified of opportunities to bid on these as well.

All Contractors bidding upon work available through the SHIP Housing Rehabilitation strategy must familiarize themselves with the policies, procedures, materials, standards, and methods of construction contained herein. All work write-ups will refer to and incorporate these standards and all Contractors are expected to conform to the policies and guidelines contained herein.

Contractors requesting certification as a Minority Contractor or a Section 3 Contractor, should request further information from the Department. Any questions concerning this Handbook or its contents should be referred to the Department.

Below is a list of the Department staff:

Director: Elliot Kampert

Housing Manager: Abra McGill

2. APPLICATION

All Contractors wishing to be included on the Active Contractor List are required to reply to the RFQ. The submitted documents must be completed in full and must include all required documents. Upon receipt of the all required documents, the review committee will review the Contractor’s submittal, contact references,

and evaluate past performance. Visits to completed or current projects may be undertaken at the Department's discretion. Based on Committee review, additional information may be required. After the review is complete, Contractors will be notified in writing regarding approval/disapproval for participation in the Department's housing programs.

Eligible Contractors will be notified by mail, e-mail or fax of bid opportunities. Contractors must familiarize themselves with and conform to the requirements contained in this Handbook, the bid, standards, specifications, and all applicable contract documents. Contractors will also be expected to comply with all applicable City, County, State, and Federal laws.

3. BID PROCESS

A. Invitation to Bid

The Contractor will be sent an Invitation to Bid by mail, e-mail or fax for any upcoming projects. The bid documents will include the Owner/Developer name, property location, Scope of Work, date and time of the scheduled mandatory bid Walk- Through, bid response deadline and bid opening date. All Contractors who wish to bid shall attend the pre-bid Walk-Through and sign in. Contractor participation is mandatory in order to be eligible to bid and remain on the Active Contractor List. After three (3) non-responsive bids, firms will be removed from the Active Contractor List for a period up to one (1) year. A written response noted as "no bid" submitted by the bid opening date will be considered a response. Failure to submit a no-bid response will be counted against the contractor as a non-responsive bid.

B. Mandatory Walk-Through

The mandatory Contractor Walk-Through will be held at the property to be rehabilitated. The Walk-Through should be coordinated and led by County staff who performed the initial inspection and prepared the work write-up. The purpose of the Walk-Through is to provide an opportunity for all interested parties including the Property Owner, County Staff or their designee, the Contractor, the Department, and subcontractors an opportunity to discuss specific details, standards, methods and techniques related to the project and the Scope of Work provided in the bid package. Changes, additions, deletions, and refinement of work details of the scope may be made during this Walk-Through based on recommendations made by Contractor, subcontractor, Owners and Department staff or their designee.

The Walk-Through will start promptly at the time specified. Contractors may not begin to inspect the home or construction site before the Department staff arrives and the Walk-Through officially starts. Contractors are required to sign in, and those who do not sign in cannot bid on the project.

Any changes to the Scope of Work will be discussed at the end of the Walk-Through to ensure that Contractors have made notes of all changes discussed during the Walk-Through for bid consistency. The owner will be notified of any changes to the original scope of work. This is an opportunity to advise the owner and contractors that the work agreed to at this meeting is final. Prior to the bid opening date, a revised and final work write-up, approved by the homeowner, will be e-mailed, faxed or mailed to all Contractors on the sign-in sheet. Bids must be submitted based on the updated/revised work write-up. Once the work is awarded, no changes will be made to the work write-up unless required or approved by the Building Department, inspector or other responsible party, and authorized by a change order. Failure to bid in accordance with the bid instructions may result in the rejection of the Contractor's bid.

C. Bid Proposal

The Contractor shall provide a cost based on all items in the Scope of Work outlined in the bid sheet. Specifications will be provided for all work including plumbing, electrical, HVAC, roofing materials, windows, doors, hardware, flooring, painting, garage doors, garage openers, insulation, ceramic tile, cabinets, counter tops, appliances, mirrors, fixtures, etc. This will ensure that Contractors are bidding on the same or

like materials outlined in the Scope of Work. Contractors shall not deviate from the work specified on the work write-up.

Contractors shall not modify or negotiate changes to the work with the Owner. This is cause for removal from the Active Contractor List. If the Contractor has questions related to the work specified and the bid, all questions shall be submitted in writing to the Department prior to the bid opening.

D. Bid Submittal

The Contractor shall provide line item prices for each item specified on the work write-up. Each line item should include labor, material costs, profit and overhead. The bid must be signed and submitted in a sealed envelope with the Owner's name, address, case number and bid date on the outside of the envelope. The envelope should contain only one bid. Bids should be hand delivered or mailed unless otherwise specified. It is the contractor's responsibility to ensure that bids are received by the local government before the bid deadline. Late proposals will not be accepted and will be rejected.

All prices on the bid must be written in ink. Signatures must be in ink. Any mistakes must be initialed prior to submitting the bid. It is the Contractor's responsibility to inquire about permit fees, material costs and other expenses that may increase the cost of the work. Once a bid is submitted, the Contractor is bound to the maximum price that is stated in the proposal, unless it is adjusted by an approved change order.

For models or materials not specified, prices should match the home's existing models or materials in quality and style. If a model is specified, the Contractor will be expected to install that model or product number or a product of equal or better quality. Deviations from the product specified should be requested in writing from the Department. Contractors may be requested to provide proof that the installed product is equal to or better than the product specified. All questions related to the Scope of Work and the project should be directed to the program staff.

E. Rehabilitation Contract Award

The Department will review the bids to ensure that all mandatory work is included, conforms to program specifications, is accurately executed, and has a reasonable cost for the project. Estimates that are unresponsive, unreasonable, or inaccurate; contain incorrect totals; are unsigned; or are submitted in pencil may be rejected at the option of the Department.

The following criteria will be used to determine the winning bid:

1. Contractor is an approved eligible contractor on the Active Contractor List, and all requirements (including active license and insurance) are up to date.
2. The bid is the lowest responsive bid.
3. New Contractors will only be awarded one project until they have completed a project that is in compliance with all project requirements, includes no change orders or delays, and is satisfactory to the Owner and Department staff.
4. Once a Contractor has completed 1 project in a manner satisfactory to the Department, the Contractor may be awarded a maximum of 3 projects at any given time. No Contractor shall have more than 3 projects at one time unless approved by the Department Director.
5. Contractors will be evaluated by County staff on projects completed. Failure to maintain a good or excellent score may result in suspension from the Active Contractor list for any time period up to and included permanent removal.

6. The Department retains the right to limit the number of jobs awarded to any Contractor due to poor performance, delays, excessive change orders, or disputes with the Owner and/or unsatisfactory performance.

F. Subcontractors

If the Contractor employs subcontractors, the Contractor must hire subcontractors that are licensed and insured as required by law, and have valid business tax receipts issued by the Okaloosa County Tax Collector. Subcontractors hired shall be subject to the same requirements that apply to the Contractor awarded the work. The Contractor shall ensure that all applicable provisions are included in their contracts with the respective subcontractors. The Contractor shall not hire the Owner or any family member of the Owner to perform work on the property to be paid under this Contract.

G. Contract Signing

The Department will notify the Owner of Contractor selection and schedule a date and time for homeowner to review and sign the SHIP Rehabilitation Agreement between the County and the Owner.

The Department will notify the Contractor of the award of the project and provide the SHIP Rehabilitation Agreement to be signed between the Contractor and the Owner. The Contractor shall provide the signed Contractor Owner Agreement, a list of all subcontractors that are scheduled to perform work on the job in the form provided by the County.

The Contractor will be provided with a Notice to Proceed once all items have been received and approved. **Contractors are not authorized to begin work until they receive a Notice to Proceed.**

Contractors allowed to bid on reconstruction projects must have developed at least one project demonstrating experience in single family development. All work must be completed within the time frame specified in the bid. The Contractor must work with a licensed and insured architectural firm to complete the project.

J. Emergency Contract

Contracts for emergency repairs may include hazardous, unsafe, unsanitary or life threatening situations within the home. Contractors are expected to work quickly and efficiently to protect the home, its contents

and the Owner in life threatening situations. The County may waive the formal bid process and request 3 informal bids to address emergency life threatening situations.

4. PAYMENT AND CONTRACT PERFORMANCE

A. Draw Schedule

Rehabilitation projects will consist of a maximum of three (3) draw payments against the total sum of the contract price. Payments will be based on an inspection of the work completed in the work write-up. The Contractor shall submit a payment invoice to the Department Staff, on the form provided by Staff, for the portion of the work completed. For each draw request, the work for which the Contractor is requesting payment must have passed all inspections required by the Building Department. The final draw will require a Release of Lien from both the Contractor and subcontractor for the amount of work being paid. The Contractor must pay all suppliers and subcontractors for the work under the specific draw. The final draw will be withheld until all the punch list items have been completed.

No payment shall be released until the Department and the Owner are satisfied with the work performed by the Contractor and its subcontractors.
