

ADDENDUM 1

ITB WS 12-19

Packaged Emergency Generator System Bid for the North Lakeshore Sanitary Sewer
Improvement Project

July 15, 2019

This addendum is being issued to address the following question:

I see on the specs for BID #: ITB WS 12-19 that it is a non-installation bid package. Reading through the scope of work, it sounds like the contractor will coordinate the installation with a subcontracted installer. Is that correct? **No, this is for equipment only and it is a self-installation by the Owner.**

Proposals due date remains unchanged and is scheduled for: **July 24, 2019 at 3:00 P.M.**
